SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Evaluation of the American Apprenticeship Initiative information collection. The American Apprenticeship Initiative (AAI) awarded funds to multiple grantees to support the expansion of quality and innovative apprenticeship training programs, and the Department of Labor is sponsoring an evaluation of this initiative. The AAI is a significant DOL investment to expand apprenticeship in the U.S., and the evaluation will provide a wealth of information on apprenticeship outcomes and ROI for businesses that invest in apprenticeship. The American Apprenticeship Initiative is authorized by Section 414(c) of the American Competitiveness and Workforce Improvement Act of 1998 (ACWIA), as amended (codified at 29 U.S.C. 2916a).

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB, under the PRA, approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the *Federal Register* on August 27, 2018 (83 FR 43708).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty-(30) days of publication of this notice in the *Federal Register*. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201903-1290-003. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility:
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
